Today I was so excited my teacher picked me to have Hercules. Me and my brother and his friends had to go to my brother's party in the astro park to play football. Me and Hercules had a great time at the party. Then we came home and played on the tampline. Then we went to Parnell's and we met Zara. Hercules really liked Zara. And then we got dohnuts and went home, watched TV and went to bed. I had a really great time with Hercules. Whoever gets Hercules is really lucky, I'll miss Hercules.

Today I had so much fun with Hercules. First of all we played in the local park. Herccules played on the swings, slide and roundabout. When we came home we played games on the green with my friends. After that we taught Hercules to skip, it was really fun. Overall I had a great, active filled day.

Today I got to bring home Hercules. I was really excited. Firstly after school I walked a bit until I saw my Dad and he picked up Hercules and me and brought us home. We played on my trampoline and she jumped really high. Then I took Hercules for a walk around the neighbourhood. We got home and played Just Dancw. Hercules was a really good dancer. After catching our breath, we sat down to have dinner. She had carrots and I had noodles. After dinner we did some homework. We had lots of fun.

Today I brought Hercules home. Hercules and I both did some of my active homework. Around 4.30p.m. me and Hercules did some pre-warm up stretches and refreshed for mind for C.P.R. We soon left for swimming. I did 20 laps of 25m pool while Hercules tried not to get wet. For dinner we got duck pancakes (and no they were not fulffy pancakes!). Then we did some warm exercises, got into our pjs and went to bed. We had a great time.

6/22/19 Grace O'Neill Ms. O'Donovan 5th Class

Today I brought Hercules home. After we walked home from school Hercules helped me try out an experiment for my mini scientist project. It was called a foaming monster but it didn't work as well as we expected.

After we got over our disappointment we did something on the trampoline (my brother gave Hercules a bit of help).

I didn't have any homework today because Ms. O'Donovan wasn't in.

After we went on the trampoline we cycled to GAA training in St. Paul's (beside St. Ann's park)

We had a great day and I hope to have Hercules again.
