

Homework Improvement Plan:

- Homework will be sent out weekly on Aladdin. Homework journals will not be used by the school.
- Reading should take place **every day** and is priority. This means that reading should be completed before all other homework.
- No homework will be given in September and June.
- Outside of reading, homework will consist mainly of revision of learning with little emphasis on written exercises in senior classes.
- Sample of weekly homework is as follows:
 - ✓ Literacy learning
 - ✓ Numeracy learning
 - ✓ Wellbeing/Grow in Love
 - ✓ Active homework
- This structure is a guideline and parents/students can choose when to complete homework during the week.
- Project work may be given to senior classes throughout the year that is relevant to their SESE/STEAM topics.

This plan will be reviewed in the second term 2024 to assess:

- Does homework continue to be purposeful?
- Has the improvement plan reduced tension in home?
- Has this improvement plan alleviated feelings of tiredness/worry/anxiety for students?
